This Presentation is brought to you for free and open access by Providence St. Joseph Health Digital Commons. It has been accepted for inclusion in Articles, Abstracts, and Reports by an authorized administrator of Providence St. Joseph Health Digital Commons. For more information, please contact digitalcommons@providence.org.
Digital Commons – Institutional Repository

An institutional repository for collecting published articles, book chapters, posters, presentations, images, videos, data sets, and more.

One convenient place for all of the new knowledge created by PSJH caregivers.

Digital Commons aims to activate the voice of PSJH and share our research accomplishments as a world-class research organization.
• Searchable and organized by Clinical Institute and Discipline/Department
• Links to PubMed record & available full-text
• Include links/downloads to PPT slides, posters, other multimedia

• Ability to follow categories or author
• Results are search engine optimized, so they show up at the top of Google searches.
PlumX Altmetrics provide insights into the ways people interact with individual pieces of research output in the online environment.

**Categorize Metrics: Compare Like with Like**

- **USAGE** (clicks, views, downloads, library holdings, video plays)
- **CAPTURES** (bookmarks, favorites, reference manager saves)
- **Mentions** (blog posts, news mentions, comments, reviews, Wikipedia mentions)
- **Social Media** (tweets, +1s, likes, shares)
- **Citations** (citation indexes, patent citations, clinical citations, policy citations)
Expert Gallery – individual portfolio

- Provides unique URL to content that can be shared with colleagues and patients.
- Let’s readers follow a specific author.

- Researcher/writer-centered portfolio for all publications, presentations, and posters.
- Multimedia.
Future Possibilities

• De-identified datasets
• Video collections
• Publishing platform for peer-reviewed journals
• Events/Conference websites
• University of Providence capstone projects
Future Possibilities: Peer-Reviewed Journals

- Includes built in peer review tools

(Example from Aurora Health Care)
Future Possibilities: Highlight Research Groups

- Highlight research from different groups through Expert Gallery profiles
  - Residents
  - Research Institutes
  - Departments

(Example from Aurora Health Care)
Future Possibilities: Events and Conferences

- Display conference schedule
- Provides permanent home for posters and slides

(Example from Macalester College)
Our Ask for You

✓ Submit your posters, conference abstracts, books/chapters, presentations, etc.!

✓ Volunteer to be profiled in our Expert Gallery
